

BORO MZ

EC FERTILIZER

Liquid borate fertilizer-boron ethanolamine

Composition:

Total boron(B).....9%
from boron ethanolamine

The product is stable to standard temperature and pressure. To store to temperature between 4°C and 35°C. The product isn't combustible.

pH = 7,6-8,1
Density = 1,28

Characteristics: *Boro MZ is a based boron fertilizer quickly assimilable. In the plants boron is prevalently located in young tissues and in flowers. Usually boron is present in soil, but the quantity available for plants isn't very high and often there are boron lacks. Boron makes sugar-migration easier through the formation of ose-boratecompound that migrate easily through cell membranes. Besides boron is a regulating of ions absorbtion balancing the ratio with other ions; boron makes a lowering of viscosity in the light while increasing in the dark. From these observations result action of boron in vegetable metabolism, and if to appear dominant its importance how activator of the flower pollination and of thefruit ripening processes,less important isn't its action on cytoplasm and on the resistance to parasitary diseases.*

Size Kg 1 in box containing 15 pieces
Kgs 5 in box containing 4 pieces
Kgs 30 on pallet containing 30 pieces

Dose and instructions for use -Leaf fertilization

Vegetables and strawberry: g.100-150 per hectoliter of water.

Pear, apple,apricot, plum and cherry: 1-1.2 Kgs per hectare .

olive and actinidia: 1.2-1.5 Kgs per hectare .

Vine, peach and citrus:1.2-1.5 Kgs per hectare .

Fodder and industrial crops: 1-1.2 Kgs per hectare .

Ornamental and flowering plants: g.100-150 per hectoliter of water.

Warning:

- In covered areas (greenhouses, tunnels,)the dose should not exceed 200 g per hl of water.Leaf application should be carried out in the coolest hours of the day.

Compatibility: The product can be mixed, in the proper dose, with FERTIPLAN products and antiparasitic in general, except for oil products and having a strong alkaline reaction.

WARNING:

This product is for agricultural use only.Any other use is dangerous.

Keep this product locked away out the reach of children and pets. Do not smoke or eat while using the product.

While the FERTIPLAN guarantees the quality of the product it assumes no responsibility for damage or partial results due to incorrect application of the product or particulars climatic condition and/or environment, since it cannot directly supervise its use.
